

Session	Time	Title of Presentation	Speaker (in bold), all Authors Listed
Session 1: Policy, Governance, and Economics Chair: Harry Nelson May 15 2:45 - 4:45 pm	2:50-3:00pm	Uncertainty and Extended Rotations: Risk as a Measure of Ignorance to Matching Auctions for Cut Blocks	Hugh Scolah
	3:05-3:25pm	Rethinking The Northwest Forest Plan: Mythology or Science?	William Wagner
	3:30-3:50pm	The Costs of Public Good Provision are Too High: Structural Limits to Collaborative Climate Change Mitigation in the the Somass River Watershed	Tim Hawkins
	3:55-4:15pm	Does Contracting for Labor-intensive Forestry Work Advance Economic Equity in the Pacific West, USA?	Kamana Poudel , Mindy Crandall, Heidi Huber-Stearns, Emily Jane Davis
	4:20-4:40pm	US Proposed Tariff: A glance at the Wood Sector	Abdallah Akintola , Indroneil Ganguly, Badrinarayan Gopalakrishnan, Kent Wheeler
Session 2: Forest Management and Carbon Sequestration Chair: Greg Latta May 15 2:45 - 4:45 pm	2:50-3:00pm	Forest Management Efficiency in Western and Eastern Oregon: A Stochastic Frontier Approach	Gang Lu , Andres Susaeta
	3:05-3:25pm	Harvest or Set-aside? A Comparative Carbon Analysis Grounded in Real World Data	Elaine Oneil , Maureen Puettmann, Lieke Drooge
	3:30-3:50pm	Assessing the Economic Tradeoffs of Various Forest Management Activities to Enhance Carbon Sequestration Efforts in Pennsylvania and Maryland	Raju Pokharel , Shivan Gc
	3:55-4:15pm	Timber Yield Decline, Recovery, and Augmentation in Transition from Short- to Long-rotation Tree Farm Management in Western Washington	Seth Zuckerman , Jaal Mann
	4:20-4:40pm	The Economic Logic of Thinning Illustrated by a Sierra Mixed-conifer Field Trial	John Foppert , Rob York, Emily Cieslewitz

Session 3: Managing Forests for Fire or Products? Chair: Mindy Crandall May 16 10:15 am - 12:20 pm	10:20-10:40am	Up in Smoke: Costs and Constraints of Pile Burning in Western Forests	Jake Barker , Jimmy Voorhis, Sinead Crotty
	10:45-11:05am	Evaluating the Costs and Outcomes of Oregon's Clean Fuels Program: Advancing Carbon Intensity Goals for Sustainable Development	Chukwuemeka Valentine Okolo , Andres Susaeta, Mindy Crandall, John Sessions
	11:10-11:30am	An Econometric Analysis of Wildfire Risk on Forest Management Decisions	Cade White , Christopher Mihiar, David J. Lewis
	11:30-11:50am	Optimal Forest Management of Douglas-fir in Western Oregon: Stochastic Prices, Carbon Sequestration and Wildfire Risk	Hsu Y. Kyaw , Andres L. Susaeta, Mindy S. Crandall
	11:55am-12:15pm	Evaluating Harvested Wood Products as a Climate Mitigation Strategy	Greg Latta
Session 4: Market Dynamics and Forestry Chair: Ted Helvoigt May 16 10:15 am - 12:20 pm	10:20-10:40am	Examining Information Sharing Dynamics through Network Analysis in the Western Hardwood Manufacturing Sector	Victoria Diederichs , Mindy Crandall, and Eric Hansen
	10:45-11:05am	The Resource Curse and U.S. Timber Harvest in Western Rural Economies	Luke Koch , Samuel Scott
	11:10-11:30am	Enhancing CLT Production Proficiency through Supply Chain Optimization	Lily Yang
	11:30-11:50am	Historical Context and Contemporary Snapshots of Pacific Northwest Forest Industries – Highlights from the Production, Prices, Employment, and Trade Report, 1958-2023	Anna Maher
	11:55am-12:15pm	Future Frost Regime Impacts on the Evergreen Bough Industry of the Pacific Northwest	Alec Solemslie
